

# FICCI ANNUAL HR CONFERENCE

*Unravelling the Future of Work Through Corporate Innovation*

FICCI in collaboration with its knowledge partner Recalibrate is conducting its first-ever comprehensive survey on innovation in India. We feel that this innovation climate survey is timely given the recent initiatives taken by Government of India towards strengthening the innovation ecosystem and to promote sustainable and inclusive growth in all spheres of Indian Industry.

The survey report will allow key stakeholders and leaders like yourself to make significant, successful and strategic decisions. It will allow thought leaders and technology visionaries to clearly understand the innovation climate in the country. It will also provide insights into what mindsets, practices, processes, and spaces spurs and inhibits innovation.

We are truly excited about the ground-breaking information that this study will reveal and cordially invite you to participate in the survey on following link.
